Now at a new lower price! The 60's classic 8th Man!

Created by writer Hirai Kazumasa and artist Kuwata Jiro in 1963, *8-Man* was a Japanese comic strip detailing the crimebusting adventures of 8-Man. The comic was developed into an animated series, which was re-edited, dubbed into English, and brought to the United States in syndication in 1965.

You can destroy his body, but you can't keep a good crimefighter down. The villainous Saucer Lips learned the hard way when he killed police officer Peter Brady. Little did he know he actually would create his greatest foe, the bionic superhero known as...Tobor, the 8th Man!

After Saucer Lips killed Brady, the slain police officer was found by Professor Genius. The Professor used Brady's body, memories, and personality to create Tobor (robot spelled backwards), the 8th Man, an atomic-powered crimefighter who could fly.. with super strength and an arsenal of robotic weapons. Operating from the Metropolitan International Police Headquarters, Tobor battles against Saucer Lips and other villains such as Armored Man, Baron Stormy, Dr. Spectra, the Satan Brothers, and the Intercrime spy ring. Still using the name "Peter Brady," Tobor keeps his identity a secret from everyone except Police Chief Fumblethumbs.

In this volume:

Dr. Spectra wants to learn Tobor's inner secrets by any means possible! Using an incredible array of weapons to accomplish his task, he manages to wipe Tobor's memory! Also includes the episodes Evil Jaw and the Devil Germs, Baron Stormy, Attack of the Horrible Honey Bees, and Pounce the Robot Tiger.

Winding up with a command of his own, the Soyokaze ("Gentle Breeze") and its crew venture out in search of the enemy in defense of their homeland. The crew views this outsider with contempt, if not outright hostility. It looks like Tylor is about to join the long list of people who were driven out of the military or are dead. The planners hate him too: they'd be very happy if he simply failed to return from his patrol.

This DVD collects episodes 8-15.

The good captain Tylor has charmed some of the Raalgon forces, but that isn't going to protect him (or the UPSF) from the internal struggles going on at the top of the Raalgon power structure. And, although the Soyokaze is racing to return him (against the UPSF's orders), it doesn't look like they'll be successful even IF he can be found: the ship is being targeted by both the Raalgon AND the UPSF!

Worse, the Raalgon have decided that it's time to end this war and have committed the rest of their fleet to a single, powerful thrust aimed right at the heart of the UPSF defenses. That the Raalgon fleet is superior no one can doubt. That their commander is talented and imaginative no one can doubt. Is there anyone left in the UPSF that can lead their forces to victory?
